Fabulous Father's Day

Thank you to all the Dads, Granddads and Carer Dads that were able to join us for a fabulous Father's Day breakfast earlier this week.

Thank you also to the volunteers from the P&C who held a very successful Father's Day gift stall. We hope you enjoy your special gifts.

HAPPY FATHER'S DAY

Bunnings Workshop

On Tuesday the EALD students were lucky to have a visit from Marie of Bunnings Rockdale. As part of a community program Marie worked with the children to make personal Father's Day gifts. The children were very excited and enthusiastic about the project and loved working on the gifts.

Thanks to Rockdale Bunnings for this opportunity.

"On Tuesday Marie from Bunnings Warehouse visited Arncliffe Public School. She bought some gloves and paint to make a present for our Dad.

First we painted our hand. Secondly, we put our handprint on the gloves. Finally, we put one handprint on the poem. My favourite part was when we put paint on our hands."

Bilig 1/2 Green

"On Tuesday Marie from Bunnings visited our school, to help us make a Father's Day gift. She bought a Father's Day picture frame for us to paint. My favourite part was painting, I liked painting the best."

High School Information Days

COVID isolation reduced to 5 days

On Thursday 31 August, National Cabinet agreed to reduce the isolation period for COVID-19 positive cases from 7 days to 5 days, with the following caveats:

- this would apply only to people with no symptoms at day 5 of their isolation
- 7 days isolation remains for workers in high-risk settings including aged care, disability care, and those providing care in the home.

The change will come into effect from Friday 9 September. More information will be provided as soon as we are advised of any implications in education settings.

Stage 2 Science Experiments

“During Term 3, Stage 2 have been conducting mind blowing Science experiments. Some of our favourite investigations were making magic crystals and a shaving cream cloud. We also examined a rainbow walking across some water. Through trialing these experiments we have learnt about chemical reactions, capillary action, gravity and the material of polymer. We have had loads of fun and look forward to conducting more amazing experiments.”
